## e. Official Draw

After the final entries have been received, the Official Draw for target numbers and order of shooting will be held according to WAF Rules. Three (3) or four (4) athletes will be assigned to each target.

## 2. Tie-Break Procedures

- Qualification Round

Tie-breaks for both individual and Team events will be conducted in the following manner:
a. Greatest number of 10 's (including inner 10's)
b. Greatest number of X 's (inner 10's)

If athletes are still ties after applying the above, a coin toss will decide the ranking.

- Elimination Round

For individual events, a single arrow will be shot for score. If there is still a tie, the arrow shot closest to the centre of the target face will resolve the tie; or successive single arrow nearest-to-the centre shoot-offs, until tie is resolved. In alternate shooting, the athlete that shot first in the match will start the shoot-off.

For Team events, in the event of a tie, the following tie-breaking procedures will take place:
a. A three (3)-arrow shoot-off for score, a single arrow by each team member;
b. If score is tied, the team with the arrow closest-to-the-centre will win;
c. If still tied, the second (or third) arrow closest-to-the-centre will determine the winner.

In alternate shooting, the team that shot first in the match will start the shoot-off.

## 3. Penalty Rules

There is a set of penalties for infractions, the most common ones are:
a. Loss of value of highest scoring arrow shot before or after the allocated time.
b. If a member of a team crosses the 1 m line too soon or if a team member removes an arrow from the quiver before standing on the shooting line, the Judge shall raise the yellow card.
c. This card indicates that the athlete shall have to return behind the 1 m line to start over again or be replaced by another athlete with arrows to shoot, who shall start from behind the 1 m line. If the team does not obey the yellow card and the athlete shoots his arrow, the team shall lose the highest scoring arrow for that end.

## 4. Protests and Appeals

A Judge Commission will be appointed to oversee the technical aspects of the competition. The Judge Commission will be responsible for considering any technical complaints or dispute and taking action when necessary. A Judge's decision is final with respect to the value of an arrow in a target. All disputes must be resolved before any arrow has been removed.

With the exception of the value of a judged arrow and the decision of a Judge to raise a yellow card, an athlete can appeal against any unfair issues that were not according to the WAF Rules and that the decision or action was an interpretation or decision of the Judge.
An intention to appeal, when it might affect the progress of an athlete from one (1) stage of the competition to the next, shall be expressed in writing and lodged with the Chairperson of Tournament Judge Commission within five (5) minutes of the end of the relevant round or match, whichever applies.

## 5. Jury of Appeal

The Jury of Appeal shall consist of the following members:

- Rosendo Sombrio / Atty. Clint Aranas
- Mildred De Leon
- Marissa Austria / Nestor Bulosan
